

### About Me:

My name is Landon Todd Smith, and I am currently a senior at Louisiana Tech University. I am majoring in Agricultural Business with a minor in Plant Science. I am from Oak Grove, Louisiana, and graduated from Forest High School. Growing up, I always enjoyed hunting, playing sports, and just being in the outdoors. From a young age, I always loved working in the fields and on the farm. Over the past three summers, I have had the opportunity to work under Mr. Reynold Minsky scouting row crops and consulting. This is where I have found my passion and future career. After I graduate in May, I plan on going into consulting with Mr. Reynold and continue as a consultant on my own. I know God put Mr. Reynold in my life for a reason, and he has turned out to be one of the biggest blessings in my life.

### Mentors:

Through it all, my parents have been my biggest supporters. Their constant guidance, caretaking, and love are something you just can't put into words. They've raised me to strive to make good grades and to never stop pursuing the goals that I have set for myself. I truly could not have asked for better parents. Another supporter that inspired me is Mr. Reynold Minsky. He is a godly man who has taught me about agriculture and handling a job. I could never repay him from all the lessons he has given me about work. Without these people and my friends as part of my life, I would not be the man I am today.

### Favorite verse and quote:

Trust in the Lord with all your heart and lean not on your own understanding, in all your ways submit to him, and he will make your paths straight. Proverbs 3:5-6

“You miss one hundred percent of the shots you don't take.” –Wayne Gretzky
