

Tasha Mears

Tasha Mears has over twenty years in health care experience as a Registered Nurse with a focus in information technology, quality and revenue cycle management in post-acute healthcare settings. Ms. Mears most recently worked at Amedisys, a premier home health and hospice company, from 1998 as a Clinical Director to 2015 as the Senior Vice President of Clinical Informatics and was instrumental in the design and implementation of their point of care technology. Ms. Mears has served as the Chair of the Quality Working Group for the Alliance for Home Health Quality and Innovation. In 2009, she was appointed by the Centers for Medicare and Medicaid Services (CMS) as a member of the Technical Expert Panel Project: Care Transition Measure Development; a prestigious panel formed to develop measures used to deliver quality care to Medicare beneficiaries. Ms. Mears is currently the Chief Administrative officer of MedCentris, a wound medicine physician practice. She lives in Watson, Louisiana, is married with three children, and is a graduate student of Health Informatics at Louisiana Tech University.
