

Louisiana Tech University - School of Biological Sciences
Graduate Faculty Members

William J. Campbell, Ph.D. (University of Florida) - Director, School of Biological Sciences
Cell Biology; Environmental Physiology and Biochemistry; Photosynthesis

Natalie A. Clay, Ph.D. (University of Oklahoma)
Ecology; Food Web Dynamics; Biogeochemistry

Julia E. Earl, Ph.D. (University of Missouri)
Aquatic Ecology; Aquatic-Terrestrial Linkages; Effects of Global Change

Rebecca R. Giorno, Ph.D. (Northwestern University)
Microbiology; Molecular Biology; Spore Formation in *Bacillus*; Genetics

Jennifer M. Hill, Ph.D. (Georgia Tech University)
Community Ecology; Marine Biology; Invasive Species

Patrick L. Hindmarsh, Ph.D. (Case Western Reserve University)
Microbiology; Yeast Genetics; Molecular Biology

Kyle E. Kemege, Ph.D. (University of Kansas)
Biology Education; Microbiology; Biochemistry

Teresa J. Maness, Ph.D. (Wake Forest University)
Animal Physiology; Ornithology; Evolution of Reproductive Rates; Behavioral Ecology

David K. Mills, Ph.D. (University of Illinois, Chicago)
Extracellular Matrix Biology; TMJ Biology; Bionanotechnology; Tissue Engineering

Jamie J. Newman, Ph.D. (Massachusetts Institute of Technology)
Stem Cell Biology; Signaling Pathways; Gene Expression

Gergana G. Nestorova, Ph.D. (Louisiana Tech University)
Genetics and Molecular Biology; Lab-on-a Chip Technologies for Genomics and Proteomics Research

Don Shepard, Ph.D. (University of Oklahoma)
Evolutionary Ecology; Population Genetics; Herpetology; GIS and Spatial Ecology

Jeff L. Shultz, Ph.D. (Southern Illinois University)
Genetic and Physical Mapping; Comparative Genomics; Molecular Pathway Mapping

Joel L. Stake, Ph.D. (University of Louisiana - Lafayette)
Biology Education; Biology of Corals

Yuri Voziyanov, Ph.D. (National Academy of Sciences, Ukraine)
Molecular Enzymology; Protein Engineering; DNA Recombination; DNA-Protein Interactions

William Wolf, Ph.D. (Medical University of South Carolina)
Molecular Biology; Cell Biology
