To:

Welcome to the 49th Annual Louisiana Tech University Farm Production Sale. This sale has a rich tradition at Tech and is an excellent learning experience for our students. In addition, it is a time when students, faculty members, staff, and sale supporters come together for a common cause.

I would like to extend a special thank you to all of our buyers and sponsors. Without your help, attendance, and participation, this important event would not be possible. The funds realized from our sale will be used to support the degree programs and students in Agricultural Sciences at Louisiana Tech.

We hope you enjoy your visit to our South Campus and our sale. If I can be of assistance in any way, please feel free to contact me or other agriculture faculty.

Thank you very much,

William H. Green, DVM
