

Justin & Jeanette Hinckley Graduate Student Scholarship in Biological Sciences

Guidelines for this scholarship include:

1. The scholarship recipient(s) must be registered and remain registered as a graduate student for the quarter he/she receives the scholarship at Louisiana Tech University. As these awards will be administered in the coming academic year, a student must be planning to be full time at that time.
2. Scholarship(s) will be awarded annually, with disbursement quarterly.
3. Scholarship(s) shall be awarded to a student pursuing a master of science degree in the in the School of Biological Sciences (M.S. in Biology or M.S. in MNST) or a PhD in MSNT, under the supervision of a faculty member in the School of Biological Sciences.
4. The recipient must be passionate about receiving a graduate degree that will prepare him/her for a successful career in a field related to or identified with biology.
5. The scholarship shall be intended to assist the recipient(s) in paying any college education costs that would otherwise be paid to Louisiana Tech University by the student.
6. The scholarship recipient must submit a letter of recommendation from a faculty advisor and maintain enrollment in an appropriate Graduate Program.
7. The student must be registered as a full-time graduate student each quarter to receive the scholarship, that is a minimum of 6 hours of graduate credit each quarter.

Justin & Jeanette Hinckley Graduate Student Scholarship Biological Sciences Scholarship Application

The Hinckley's are both graduates of Louisiana Tech University, Justin a graduate of COES and Jeanette a graduate of CoE. Both have remained committed to all aspects of the University and the student experience. This scholarship for graduate students in the School of Biological Sciences was created to support those students pursuing research that enhances their own learning experience and support the mission of the University.

Academic Year 2021-2022; All materials are due 5:00 pm on Friday, April 30. All applicants will be notified of decisions prior to the end of spring quarter with funds to be administered in the 2021-2022 academic year.

Minimum Requirements for Consideration

Planning to be enrolled unconditionally as full-time student in a School of Biological Sciences graduate program. Full time status will be confirmed prior to funds being distributed in the fall. Recipients must maintain enrollment in appropriate Graduate Program.

Application Requirements:

- Write a brief statement describing your career goals, related extra-curricular activities, area of research and reason for pursuing a graduate degree. The statement should be in Arial 11, single spaced, and not exceed 1 page.
- Attach a 1 page resume to the application.
- If you are not a current student in a qualified graduate program, please include an unofficial transcript with your application.
- A letter of recommendation on your behalf from a member of the Biological Sciences faculty to include with your application.

Students, please combine your personal statement and resume into a single PDF and label the file Hinckley Scholarship_Last Name. Applications should be submitted to Dr. Newman at jjnewman@latech.edu

Faculty, letters from you should be sent directly to Dr. Newman (jjnewman@latech.edu) and will be added to the student's application.

Awards will be announced prior to the end of the spring quarter for the 2021-2022 academic year.
